Setting Up the Printer

What device are you connecting?

Computer	Computer and smartphone		Smartphone

5-a Connecting to a Computer

If you are using multiple computers, perform these steps on each computer.

1 Access the Canon website from your computer.

   https://ij.start.canon

2 Select 🖼 **Set Up**.

3 Enter your printer's model name and click **Go**.

4 Click **Start**.

5 Click **(B) Connecting to a Computer/Smartphone**.
   • The following steps are for Windows users.

6 Click **Download**.

7 Run the downloaded file.
   • Follow the on-screen instructions.
   • These operations may take some time.
   • To connect to a smartphone as well, see "5-b. Connecting to a Smartphone" on page 5.

⊙ Using the Setup CD-ROM (E3400 series only)

Double click **EasySetup.exe** in the CD-ROM, and then continue from step 3. If you do not have an internet connection, open the **win** folder in the CD-ROM and double click **SETUP.exe**. This will install the printer driver.

5-b Connecting to a Smartphone

If you are using multiple smartphones, perform these steps on each smartphone.

1 Install the "Canon PRINT Inkjet/SELPHY" app on your smartphone.

- Search for "Canon PRINT" in App Store, or Google Play.
- Access the Canon website to download the app.

2 Open your smartphone's Wi-Fi settings. Check that the network name (SSID) that starts with "Canon_ij_" appears.

(Example of iOS screen)

The network name (SSID) that starts with "Canon_ij_"

- If "Canon_ij_" appears ➡ Proceed to step **3**.
- If "Canon_ij_" does not appear ➡ Proceed to step **4**.

3 Tap the network name (SSID) that starts with "Canon_ij_".

4 Open the installed app, and follow the on-screen instructions in the app to add your printer.

Once you have added your printer, you can print from your smartphone.
To print photos, see "Loading Paper" on page 6.

Loading Paper
1 Open the paper support.

2 Slide the paper guide to the left.

3 Load several sheets of paper against the right edge with the print side facing up and align the paper guide to the width of the paper.
4 Press the **Paper Select** button, select a paper size, and then press the **OK** button.

5 Extend the paper output tray , and open the output tray extension.

▶

- Look at it from the side to confirm it looks like the diagram.

If Print Results Are Unsatisfactory

Perform Print Head Alignment if straight lines are crooked or colors are inconsistent, or print results are otherwise not what you expected.

For details, click **Maintenance** on the **Online Manual** and refer to **If Printing Is Faint or Uneven** > **Aligning the Print Head**.

Refer to the back cover for how to access the **Online Manual**.
