

ALL PURPOSE TABLE

Flex Flip Table™

Extremely easy

Quickly setting up and removing a training environment can be a chore. The Spectrum Flex Flip Tables are light weight, mobile, and simplify the process.

Collaboration efforts are made simple and flip-up design will open up valuable space

Flip-top Solution

Design with a twist

- Wheel in a complete computer lab in minutes
- Tables are extremely easy to work with
- Height-adjustable legs bring ergonomic conditions for end-users
- Use in a wide variety of settings such as training rooms, conference rooms, classrooms, and computer labs

Flexible

- Desk adjustments allow you to build your classroom for children or adults
- Ample worksurface allows for mobile devices, textbook study, or both
- Collaboration efforts are made simple with casters providing quick reconfiguring
- Height-adjustable legs allow tables to be configured to a wide variety of users and situations

Smart design

- When the top is flipped the tables nest together nicely
- Nested tables take up a third of the space as normal tables
- These highly mobile tables are easy to move making them great for grades K-12
- A clean adjustable height worksurface and casters make the Flex Flip Table great for mobile technology use and active learning environments

Robust construction

- Steel tubular legs add strength and contemporary looks
- Worksurface brace incorporated into every table to minimize flexing
- Warranted to be free of all defects in materials and workmanship with a 10-year warranty
