Overview

The Microsoft® Windows® Small Business Server 2003 R2 (SBS 2003 R2) is an advanced solution for productivity and security that simplifies daily business IT operations and management for small businesses with up to 75 workstations. SBS 2003 R2 provides email, Internet connectivity, internal Web sites, remote access, support for mobile devices, file and printer sharing, backup and restore - all in one affordable, integrated solution. SBS 2003 R2 includes the following new features:

- Improved email productivity with expanded mailbox limits to from 16GB to 75GB with Exchange Server 2003 SP2
- With Windows Server Update Services, automatic network-wide patch and update management provides daily report on the status of PCs and servers running Microsoft software
- New SQL Server 2005 Workgroup Edition (in Premium Edition)
- The 'green check' of software health indicates that your computers running Microsoft software are up-to-date - or the daily report details actions necessary for attaining "green check" status.
- Expanded client access license (CAL) rights: SBS 2003 CALs can be used to access additional servers added to the SBS 2003 R2 domain running Windows Server 2003, Windows Server 2003 R2, Exchange 2003 or SQL Server 2005 Workgroup Edition servers.

SBS 2003 R2 from HP is available for purchase with a HP ProLiant server either preinstalled or on CD.

- Includes: OS CDs, application CDs with Premium Edition, 5 client access licenses, documentation, Certification of Authenticity (COA) affixed to your server, 90-day free technical software support, pre-populated product key that does not require activation. Purchase Microsoft Software assurance within 90-days of purchase to receive extra benefits with your operating system and grant transferability of your OEM license to another server.
- SBS 2003 is supported on select HP ProLiant servers and has been tested with ProLiant support software. For a list of supported servers, visit: http://h10018.www1.hp.com/wwsolutions/windows/index-all.html. For a full list of HP ProLiant Value add, please see: http://h18004.www1.hp.com/products/servers/software/microsoft/ProLiant-value-add.html
- Recommended optional service available for service: HP 2-Hour 24x7 Software Technical Support is a 3-incident package which includes support for SBS 2003 & Microsoft Client Applications, part # U8298E.

SBS 2003 R2 is also available to HP authorized distributors and resellers in the form of the Microsoft Windows SBS Reseller Option Kit or SBS ROK. SBS ROK from HP allows you to match your customer's preferred operating system with their chosen HP server. These products offer the same benefits as a preinstalled or on CD operating system and can be sold with any new supported HP ProLiant server and HP BladeSystems. For more information, visit http://www.hp.com/partners/us/rok.

Environment-friendly Products and Approach	**End-of-life Management and Recycling**	Hewlett-Packard offers end-of-life HP product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to http://www.hp.com/go/green. To recycle your product, please go to: http://www.hp.com/go/green or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: http://www.hp.com/go/green. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment. |
