

MAN & MACHINE presents

Slim Cool+

Compact medical keyboard
with integrated
Touchpad

The layout of a standard laptop keypad, but all the features of a medical keyboard, that is how the Slim Cool+ keyboard is best described.

This compact hygienic white keyboard is the #1 choice of industry leaders in medical equipment as well as patient infotainment consoles. We understand that cleaning can go beyond a quick wipe.

You can go ahead and submerge our medical keyboards for a thorough disinfection. Thanks to its Tru Lock locking mechanism, one touch is all it takes to prevent unwanted commands or screen gibberish during a clean. The USB cable can stay connected.

7 Requirements for a Medical Grade Keyboard

- Fully sealed
- Disinfectable
- Hygienic white
- Lockable
- Easy to use
- Electrically safe
- No drop hazard

Our medical keyboards comply with the industry standards for your electrical and operational safety. All of this without compromising usability.
