Free your gaming skills

Looking for a convenient gaming mouse that covers all the basic functionalities, but also has a powerful wireless design? With its ambidextrous form factor, 6 responsive buttons and illuminated design the GXT 107 Izza Wireless Gaming Mouse will deliver.

Wireless power

You are free to game within a wireless range of 10 meters without bothering with cables. Simply plug in the storable USB micro-receiver and you can start your game. Finished playing? Store the receiver in the mouse itself or leave it in your PC or laptop.

Bring it to life

The Izza comes with an alluring, fully illuminated top. Not only is the top rubberized for a firm grip, but the colour of the light will also tell you your DPI level selection. The colourful, breathing light effect will bring your gaming setup to life!

Respond quickly

The GXT 107 comes with 6 responsive buttons for ultimate productivity and efficiency. No software is required to set up the buttons, so you can directly use them for your gaming activities. Directly switch the speed selection from 800 DPI up to 2000 DPI. Use a lower DPI setting for more precise sniper shots and use a high DPI for fast reflexes and to quickly explore your surroundings.
