High performance workgroup printing

The B700 Series of A4 mono printers bring ultra-fast, reliable and affordable printing to the busy workgroup. The outstanding B700 Series combines advanced security, management and performance with robust and durable technology to offer speeds of up to 50ppm for improved office efficiency.

The B700 Series improves workgroup productivity through faster print speeds, effective network management and reduced user

intervention. Combine this with a low total cost of ownership, simple network integration and an intuitive control panel with a 5-line LCD back-lit display, you get a printer that offers complete versatility in any working environment.

And with a three year warranty as standard you can rest assured that it will keep on delivering for years to come.

Fast and affordable printing

If you are looking for fast and affordable black and white printing then the B700 Series is right for you. With a range of models available to suit every business requirement this robust and durable printer requires minimum user intervention and offers superior print performance.

- Impressive print performance of up to 50 pages per minute and time to first print of only 8 seconds
- Print on 64 to 216gsm paper in a variety of sizes from A6 to A4, including banners up to 1200mm long
- 128MB Standard RAM (upgradeable to 640MB) and 600Mhz processor means large print jobs are processed efficiently and easily
- Up to 1200 x 1200dpi print resolution for crisp, clear and consistent printing of text, business graphics and images
- Two paper trays as standard (700 sheets) provides flexible paper handling whilst maximum paper handling is 1800 sheets from 4 paper sources
- An Offset Catch Tray (OCT) is available to ease job separation

Low total cost of ownership

Bringing affordable printing closer to the workgroup, the B700 Series combines low hardware costs with high yield toner cartridges to reduce both your capital and consumables costs. With a 3-year warranty added to the list, you have a printer that makes complete business sense. The B700 Series delivers a reduced total cost of ownership and will continue to provide value for money and reliable printing now and in the future.

- High yield toners of up to 25,000¹ page capacity ensure maximum up time and minimum user intervention
- The single consumable is changed in seconds ensuring the printer is always 'ready' for business critical processes
- Industry-leading 3-year on-site warranty as standard

Easy management and simple security

Printing securely and protecting sensitive information has never been easier. The B700 Series allows you to print securely using a pin number, which can be entered through a numeric

keypad to release the job. This simple to use system ensures that only authorised users can access your sensitive documents for print, providing extra security and ensuring the confidentiality of critical information. Intelligent software provides remote monitoring and management of printers across your network.

- Out-of-the-box secure printing with on-board 40MB Flash memory
- Secure Erase protects your documents from being recovered and re-printed when the optional internal Hard Drive is installed
- Networked as standard for simple integration into your existing network. For even faster performance a 1 Gigabit network card is available as an option
- PrintSuperVision network management software enables control and visibility over the network, to maintain the printers in optimal condition and to always be ready to print
- The integrated USB port allows PDF files to be printed direct from a USB stick for added flexibility

Built to last

The B700 Series is designed to perform in the most demanding environments. The robust design and innovative technology not only deliver outstanding reliability but also offer you consistently high quality prints over and over again.

- High duty cycle of up to 200,000 pages per month maintains productivity

Saving money and energy

Built to meet Energy Star and Blue Angel² certification, the B700 Series is kind to the environment, providing energy savings, reducing costs and CO₂ emissions, as well as duplex models which reduce paper usage significantly.

The B700 series features at a glance

Print speed (A4)	40ppm (B710); 45ppm (B720); 50ppm (B730)
Time to first print	8 seconds

Duplex	Standard: B710dn, B720dn, B730dn; Optional: B710n, B720n, B730n
Power consumption	Operating: 904W; Power Save: 10.3W
Memory	Standard RAM: 128MB; Maximum RAM: 640MB Optional Hard Disk Drive: 40GB
Processor speeds	600MHz
Print quality	600 x 600dpi, 1200 x 1200dpi
Compact Flash Memory ³	Standard: 64MB; Maximum: 1GB

¹B730 only. ²B710n, B720n, B720dn, B730n, and B730dn. ³64MB on-board (40MB of usable storage available)

Business Printing Specialists

OKI Printing Solutions is a global business-to-business brand dedicated to creating cost effective, professional in-house printing solutions which are designed to increase the efficiency of today's and tomorrow's businesses and their workflows. As pioneers in innovative print technologies from digital LED to High Definition Colour, we have a portfolio of award winning products and solutions enabling businesses to achieve both image focused, vibrant, quality print communications and budget flexibility.

OKI Printing Solutions presents a full range of A3 and A4 colour and mono printers and MFPs, for workgroups and businesses of all sizes with superior media-handling capabilities. In addition our fax, POS and dot matrix printers complete our range of print solutions. These best in class products are designed to be easy to use making the job of in-house print easier.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI Printing

Solutions continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI Printing Solutions' Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy-efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.

Simply Unique - 3 Year On-Site Warranty

Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years – for free! Simply register your product within 30 days of purchase to be eligible for our unique all inclusive offer. Fully covered by OKI! For further information please visit:
