

# EcoTank ET-7750

This 3-in-1 EcoTank provides an ultra-low-cost solution for high-quality photo printing up to A3, with its ultra-high-capacity ink tanks.

This A3 cartridge-free model is designed for printing lots of photos at a ultra-low cost. With the included ink, you can print up to 3,400 photos<sup>1</sup>. For high-quality results, it uses four dyes and a pigment ink. It's hassle-free to use with an SD card slot, borderless photo printing and dual paper trays. It's also easy to set up, reliable and designed for mess-free refills.

## Unleash your creativity

Feel free to print your photos without worrying about the cost with this cartridge-free EcoTank. It comes with enough ink to print up to 3,400 photos<sup>1</sup> (10x15cm). Its ultra-high-capacity ink tanks removes the need for cartridges, and makes it possible to print lots between refills.

## High-quality photo printing

Print high-quality photos that can last up to 300 years in a photo album<sup>2</sup> with this 5-colour ink system, which includes a black photo ink. It also includes a SD card slot, borderless printing, dual paper trays and a 6.8cm LCD display.

## Discover the next generation of EcoTank

With the ink tank now housed at the front, EcoTank is more compact and easier to use than ever before. Protecting you against leaks and spills, it features an enhanced ink filling system engineered for mess-free refills. The new bottles also incorporate a mechanism to ensure that only the correct colours are inserted.

## Easy mobile printing

With Wi-Fi and Wi-Fi Direct, you can send files to print from smart devices using the Epson iPrint<sup>3</sup> app. It's simple to make the most of your Facebook photos with the Creative Print<sup>3</sup> app, which lets you print photos, create greeting cards, colouring books and more.

## Peace of mind

EcoTank provides a reliable printing solution which is backed by a three year warranty (upon registration).

\* Approx. page yield based on ISO/IEC 24711/24712 or ISO/IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit <http://www.epson.eu/pageyield>

1. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 29103 based on the inks included with this printer and photos printed in a 10x15cm format. Quoted yields are NOT based on ISO/IEC29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
2. Print permanence ratings are based on accelerated testing of prints on specialty media stored in archival sleeves in album storage. Actual print stability will vary according to the media, printed image, display conditions, light intensity, humidity, and atmospheric conditions. Epson does not guarantee longevity of prints.
3. Requires a wireless connection to the internet. For more information, supported languages and devices please visit [www.epsonconnect.eu](http://www.epsonconnect.eu)
