Setting up your device

Your device SIM card may be pre-installed.

Install your SIM card

1. Insert the SIM ejector pin into the hole on the card tray.
2. Pull out the card tray.
3. Insert an optional microSD™ (sold separately) card.
4. Flip the tray and insert the Nano SIM card with the gold contact facing up.
5. Insert the card tray back into the slot.

About your device

Samsung account

Get the most out of your device by setting up your Samsung account.

You can sign in to an existing Samsung account, create an account, or sign up with an existing Google account.

Once your account is set up, you can

- Schedule repairs
- Back up your device
- Restore your device and more

Switching made simple

Whether you are coming from an iOS or Android platform, you can easily transfer your data with Smart Switch.

Back up your old device

Back up your old device using your favorite back-up app.

Samsung Smart Switch

1. From your new Galaxy device, tap **Settings** > **Accounts and backup** > **Smart Switch**.
2. Tap **Receive data**.
3. Select your old device type.
4. Tap **Cable** (Android) or **Wireless** (Android and iOS) and follow the prompts to connect your devices.

Essential apps

Simple, high quality video calling for smartphones, tablets, computers and smart displays.

Store and back up your photos and videos automatically to your Google Account with Google Photos™.

Store, share and access your files from any device.
