Overview:

Aluratek's Digital Photo Frames are a wonderful way to bring your treasured photos and memories to life with incredible image clarity in rich and vibrant colors all on the TFT true color LCD at 1024 x 600 resolution at an ideal 16:9 aspect ratio. The functional and stylish frame makes a great addition to any room of your house or office environment. With memory card reader and USB support, it is easy to view all your favorite photos.

What separates Aluratek digital photo frames from other brands is picture quality, ease of use, and affordability. You will not find a better quality image or video than what an Aluratek digital frame can deliver thanks to the best quality "true digital" LCD panels that are available on the market for production. Combined with an easy-to-use interface and auto slideshow feature, Aluratek digital photo frames are the best choice for sharing of your precious memories with family and friends.

Features:

- 10" TFT true color LCD at 1024 x 600 resolution (16:9 aspect ratio)
- Stylish distressed wood frame with easy to use controls
- Photo slideshow mode will begin automatically
- Configure photo slideshows to play in various display and transition modes
- Supports various photo formats
- Supports SD / SDHC / SDXC memory cards (up to 128 GB)
- Connect a USB hard drive (power adapter required), USB flash drive or SD card to easily access and share your favorite photos
- Wall mountable - works great as a digital signage solution
- Limited 1 Year Warranty

Digital Signage Solution

Enhance your message to your customers. Use pictures in slideshow mode to tell a story, display business hours, sale items, specials and menu boards, etc. The possibilities are endless!

Easy Photo Viewing

Viewing photos is easy as various picture formats are supported. Simply connect a storage device such as a USB hard drive, USB flash drive or insert an SD card (up to 128 GB) into the photo frame to access your media content.

Create Photo Slideshows

Photo slideshow mode will begin automatically once the frame is powered on. Slideshows can be configured to play photos in various display and transition modes.

User Friendly Design

Push button controls on the back of the frame make Aluratek digital photo frames easy to use. The user interface is designed to be intuitive and easy to navigate with no required setup and no software to install.
