Details

Description

With the innovative window vac, Kärcher has revolutionised window cleaning. The original Kärcher battery-powered window vac simplifies cleaning and saves considerable time and effort. Its electric suction makes the annoyance of dripping a thing of the past. Its clever combination of spray bottle and wiper, together with the window vac's vacuum function, ensures highly effective cleaning and gleaming windows - without streaks or residues. In addition, the handy and ergonomic Kärcher battery-powered window vac makes window cleaning very hygienic, as it eliminates direct contact with the dirty water.

Application

- All smooth surfaces
 - Windows
 - Mirrors
 - Tiles
 - Glass tables
 - Shower screens

Features & Benefits

Light and quiet

The light weight and low noise level make window cleaning with the WV 2 even more pleasant.

Compact and handy

The small, handy device now makes cleaning smooth surfaces even easier.

Even the bottom edge of the window is easy to reach with the Kärcher battery-powered Window Vac.

LED display in field of vision

Energy management made easy: one glance at the LED display will tell you the current status of the battery.

Quick to empty

The dirty water tank can be emptied quickly and easily as required.

The original

Original Kärcher quality from the inventor of the window vac.

Three times faster

The battery-powered Window Vac makes cleaning windows three times faster than traditional methods.

Drip and streak-free result

Thanks to electronic water vacuuming, annoying streaks have been banished forever. For sparkling clean windows.

Completely hygienic

Quickly and easily empty the tank without coming in contact with dirty water.

Diverse applications

The window vac can be used on all smooth surfaces such as tiles, mirrors or shower cubicles.
