

40 Gigabit Fiber 40GBase-SR4 QSFP+ Transceiver Module - Cisco QSFP-40G-SR4 Compatible - MM MPO - 150 m (492 ft)

Product ID: QSFP40GSR4ST

This Cisco® compatible 40GBase QSFP+ (Quad Small Form-Factor Pluggable) is engineered by StarTech.com to deliver what you want most in your network connections: reliable performance. Built to exacting specifications and fully tested to ensure maximum performance, you can install this high-quality fiber transceiver module into Cisco networking devices that support the Cisco QSFP-40G-SR4 QSFP+ transceiver module, as well as other major brands of networking equipment.

With powerful four-lane performance, this 40GBase-SR4 QSFP+ delivers 40 Gigabit connectivity over multimode fiber with a wavelength of 850nm and a range of up to up to 150 m (492 ft.). It provides a dependable and cost-effective way to add, replace or upgrade the ports on your networking equipment, and it's backed by a lifetime warranty.

Built for reliable network performance

This 40GBase-SR4 QSFP+ is manufactured by StarTech.com to meet or exceed OEM specifications and comply with the industry's MSA (Multi-Source Agreement) standards. Committed to the highest standards of quality, StarTech.com provides an extensive range of networking products including copper and fiber network cards, fiber media converters, Ethernet switches and wireless products.

Fully compatible with Cisco and other major brands

The 40 Gigabit multimode QSFP+ is engineered to the highest quality standards and is 100% Cisco compatible, equivalent to the Cisco QSFP-40G-SR4 optical transceiver. The StarTech.com QSFP+ transceiver module is configured and fully tested to ensure it works seamlessly with Cisco or other major brands of networking equipment.

You can be assured that the use of StarTech.com QSFP+ products should not affect the warranty protection of your networking equipment.

Convenient and scalable

Delivering both convenience and scalability, this fiber QSFP+ transceiver is fully hot-pluggable, which enables you to install it without interrupting network traffic or having to reboot your equipment. It provides a versatile and cost-effective solution that's compatible with a range of 40 Gigabit networking devices.

Ideal for use in Cisco switches, routers and other networking equipment, the QSFP+ optical transceiver provides reliable performance, allowing you to expand your network to remote segments cost-effectively. The MM fiber transceiver module supports Digital Diagnostics Monitoring (DDM / DOM), a maximum distance of up to 150 m (492 ft.), and maximum data rates of up to 40Gbps.

You can count on QSFP40GSR4ST for reliable performance, backed by a lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Provides high performance 40 GbE connectivity for data centers, network applications, enterprises and service providers
- Replace defective or damaged SFP+ modules in MSA compliant or Cisco equipment
- Ideal for deployment in network devices with multiple QSFP slots
- Expand your network to remote segments

Features

- Delivers reliable 40 Gigabit Ethernet connections for 40GBase-SR4 compliant networks
- 100% Cisco compatible, equivalent to the Cisco QSFP-40G-SR4
- Backed by lifetime warranty and free lifetime technical support
- Meets or exceeds OEM specifications and MSA (Multi-Source Agreement) industry standards
- Supports Digital Diagnostics Monitoring (DDM)
- 850 nm optical wavelength
- Multimode with maximum distance of up to 150 m (492 ft.) and MPO fiber connector
- Maximum data rates up to 40Gbps
- Hot-pluggable, compatible with a 40 Gigabit Ethernet QSFP port

	Warranty	Lifetime
Hardware	Industry Standards	IEEE 802.3ba 40GBASE-SR4
Performance	DDM	Yes
	Fiber Operating Mode	Full-Duplex
	Fiber Type	Multi Mode
	Max Transfer Distance	150 m (492 ft)
	Maximum Data Transfer Rate	40 Gbps
	Wavelength	850nm
Connector(s)	Local Unit Connectors	1 - Fiber Optic LC Duplex Female
Special Notes / Requirements	Note	For use in 40 Gigabit fiber networking equipment and media converters
	System and Cable Requirements	MSA or Cisco compliant QSFP port
Environmental	Humidity	5~95% RH
	Operating Temperature	0°C to 70°C (32°F to 158°F)
	Storage Temperature	-40°C to 85°C (-40°F to 185°F)
Physical Characteristics	Color	Silver
	Enclosure Type	Aluminum
	Product Height	0.3 in [8.5 mm]
	Product Length	2.8 in [72 mm]
	Product Weight	1.4 oz [40 g]
	Product Width	0.7 in [18.4 mm]
Packaging Information	Shipping (Package) Weight	2.1 oz [60 g]
What's in the Box	Included in Package	1 - QSFP+ transceiver

Product appearance and specifications are subject to change without notice.
