

CSP606T Professional Surge Protector

Offering home/office environments with computer and communication grade surge protection.

The CyberPower Professional Series CSP606T Surge Protector is ideal for Home/Office protection with 1350 joules, 6 outlets, RJ11 phone line protection, and a 6 ft. cord. The surge protector is ideal for protecting personal computers, phones/fax/modems, printers, stereos, and consumer electronics.

The CSP606T features six (6) outlets, MOV technology to guard the surge protector and connected electronics against line abnormalities and lightning surges, while EMI/RFI filters block unwanted line noise. Data line protection is provided for telecommunication devices such as phones, faxes, modems, and DSL lines.

A Limited Lifetime Warranty ensures that this surge protector has passed our highest quality standards in design, assembly, material or workmanship and further protection is offered by a \$75,000 Connected Equipment Guarantee.
