

ZūM RJ9™ Headset for Desktop Phones

Universal Deskphone Headset

MADE FOR PHONES WITH RJ9 HEADSET PORT

An easy to use wired headset that plugs directly into your phone. With a robust noise canceling microphone that filters 90% of the background noise, your voice will be all they'll hear. The broadband audio frequency will make your voice sound more natural, too. The Microphone boom rotates 300° so you can wear the headset on either ear. And the microphone automatically mutes when the boom rotates 60° up or down.

Durable, Easy to Use and Comfortable

Comfortable leather and foam ear cushion provides durability and comfort. You're automatically protected from sudden volume surges as well.

Part#	ZUMRJ9M (Monaural)	ZUMRJ9B (Binaural)
UPC	800807320604	800807320628
MSRP:	\$39.99	\$49.99
