1 Upon purchase, your printer comes with $120 prepaid value card that will be added to your account ($144 in Canada). This will cover 24 months of service on a monthly $4.99 for 100 pages instant ink plan ($5.99 in Canada). Other plans are available that may shorten or lengthen your offer period. After you have successfully registered your printer and created your HP Connected Account and Service Account, you must redeem your offer and select an Instant Ink printing plan. The Service begins when the offer is redeemed. Must redeem your prepaid value card within 6 months from printer set up or it will be void. Refill allows unused pages in a month to be placed in a refill account and then applied to pages in excess of your monthly allowance. The refill account balance is limited to a maximum of twice the pages available in your plan. The ink balance will be decremented for any overage fees, resulting in months of printing. Replacing your ink cartridges requires Internet connection to eligible HP email address, and delivery service in your geographic area. Printers require direct connection to the Internet for program participation. For details, see hpinstantink.com. Requires the HP Smart app download. For details on local printing requirements see http://hp.com/go/mobileprinting. Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. 2 Compared to the majority of competing in-class consumer color desktop inkjet all-in-ones —$399 USD. Keypoint Intelligence – Buyers Lab 2018 research study commissioned by HP based on research survey of printer manufacturers’ published specifications, sustainability reports, and press releases as of 12/15/2018 and not confirmed by lab testing. Market share as reported by EDC (CYQ3) 2018 Handycolor Peripherals Tracker, 2018B(3) Release. A0 with best-in-class security features based on review of published embedded security features of competitive in-class models and defined as offering business-class, multi-port security, including but not limited to: encryption at the level of data, device, network, document-enterprise-class Wi-Fi security; and secure printing. For more details, see http://www.keypointintelligence.com/HPOfficeJetPro.
3 Based on plan usage, Internet connection to eligible HP printer, valid credit/debit card, email address, and delivery service in your geographic area. Based on internal HP testing. Average timing estimate based on: 1) 125KB HP Smart app on mobile device, 2) setting up Smart Tasks shortcut, 3) scanning jobs which have more than 2-3 tasks associated with them (scan to email, save and rename, store to cloud, etc.). Average timing savings comparison based on using printer and desktop scan software to complete similar scanning tasks. Requires the HP Smart app download and supported HP printer. For details on local printing requirements see http://hp.com/go/mobileprinting. Compared to the majority of competitive in-class consumer color desktop inkjet all-in-ones —$399 USD. Keypoint Intelligence – Buyers Lab 2018 research study commissioned by HP based on research survey of printer manufacturers’ published specifications, sustainability reports and press releases as of 12/15/2018 and not confirmed by lab testing. Market share as reported by EDC (CYQ3) 2018 Handycolor Peripherals Tracker, 2018B(3) Release. The ability to automate work defined as having the capability to use the OEM mobile print app to create a multistep workflow on mobile device and have a shortcut appear on the app and/or control panel of printer, and/or use intelligent Optical Character Recognition to name a scanned file based on the first few words of a document.
